Resounding success at the 2024 Düsseldorf Boat Show. The FIM 440 REGINA, the latest jewel from FIM (Fabbrica Italiana Motoscafi), was created by Alessandro Lottici, a renowned designer for the most important brands in the nautical industry. Captivating lines combine with a large windshield and excellent air circulation in the cockpit thanks to the louvered hard top. It offers a spacious, full-beam aft master cabin, an elegant forward dinette that electrically converts into a second cabin, and two heads. The interiors are modern, featuring luxurious and refined materials. The exterior's elegant design blends perfectly with the sporty spirit of this new 100% Made in Italy model.
